

SEMS Goal #2

Reduce automobile dependency and provide balanced land use and transportation systems

Accomplishments:

- Completed comprehensive traffic and transportation sustainability study that outlines recommended post-wide transportation improvements.
- Developed Post Shuttle Bus Program to augment expanded Metro Transit bus service on Fort Carson and provide improved mass transit alternatives.
- Established and maintained close working relationship with state and local transportation agencies to address current and projected traffic challenges for Fort Carson and the surrounding area.

Future Initiatives:

- Implement sustainable transportation recommendations from current studies.
- Obtain funding and commence Post Shuttle Bus service.
- Implement advertising campaign to identify and encourage the use of alternative/sustainable modes of transportation.

Fort Carson Traffic Circle

Questions:

What would you recommend to change the attitude of people that choose to drive their own vehicles rather than use alternative means of transportation?

What would motivate **"YOU"** to use alternative means of transportation?
